RAILROAD NEWS NOTES

Another Railroad for Morgan County—C. H. & D. to Build From Springfield to Murrayville—An Alton Alliance in Kansas City—Personal Mention.

The C. H. & D. Railroad company have finished laying their track between Decatur and Springfield and it is rumored that a party of surveyors are now surveying between Springfield and Murrayville and that the company will have a force of men putting down track between these places in the near future. The C. H. & D. will run their trains over the Alton track from Murrayville to Kansas City. The Alton has no direct route from Springfield to Kansas City and it is rumored that they will run their trains over the C. H. & D. line from Springfield to Murrayville. The trains will be transferred from the C. H. & D. tracks back on their own line again and from there the trip to Kansas City will be a direct one.

E. R. Tuttle, traveling passenger agent for the Southern and Union Pacific and the O. S. L. lines, was in the city yesterday interviewing the local railroad men.

L. W. Berry, division superintendent for the Burlington, was in the city yesterday on company business.

Melvin Briggs has resigned his position with the yard gang at the local C. P. & St. L. shops.

James Killen, of the boiler shop at the local C. P. & St. L. shops, went to Pekin yesterday to work on engine No. 8.

Mike Kennedy, who had his hand operated on a few days ago is improving. He hopes to be able to resume his duties in the boiler shop of the local C. P. & St. L. shops Monday.

A car load of switch ties were unloaded in the Alton yards yesterday.

Wednesday was pay day for the local C. P. & St. L. employees.

The Alton section hands are filling in the old turn table pit north of the passenger depot and have already laid a storage track across it. The turn table was removed to the stock yards north of the city some time ago and the pit of the old table was left vacant.

Alton Foreman Kelleher of the Woodson gang, is on the sick list and Charles Wilds is taking his place.

J. M. McLean, traveling advertising agent for the Alton, called on the local agent yesterday.

Supt. J. E. Stumpf and P. T. Leonard, engine dispatcher, both of the Wabash at Springfield, went west on No. 9 yesterday.

The ladies auxiliary of the O. R. C., of Springfield, entertained the members of the Decatur auxiliary Wednesday evening at a banquet at the Leland.

Joseph Corbin has resigned his

place as janitor at the Wabash passenger depot, to engage in other work. The place has been taken by William Hayes.

Roy Walker and Harry Hackett have resigned their positions in the C. P. & St. L. shops and will take places with the terminal company at East St. Louis. Their many friends at the shops regret to see them leave the city.

George McSherry of the local shops is laying off on account of an injured hand.

The Burlington ticket office and freight depot can now be called over the Illinois phone. The ticket office in number 58.

IN MEMORIAM

Hushed is the voice that was raised against wrong. Vanished the smile that has cheered us so long. Silent the heart that for us beat so strong.

She is at rest. Another bright star of earnest Christian faith and living has gone down behind the dark horizon of death, to reappear in the resurrection morn.

Sister, Wylder, wife of Bro. W. J. Wylder, entered into rest, on March 4, 1905. Hers was a pure, noble and unselfish life. Never a harsh word passed her lips and patience with all was her crowning virtue.

A beautiful Christian spirit was shown in her daily walk and the memory of it is a blessed inspiration to us. Her quiet Godly life was to us the beautiful image of a peaceful summer's day, "with its gentle sunshine and rain, ending in the quiet splendor of a peaceful sunset."

Having from her early youth devoted her life to the service of her Master, she was "sustained and comforted" in death by an unfaltering trust in Him, knowing that "He whom she had trusted, was able to keep that which she had committed to Him against that day."

She loved the church and was ready to help in all departments of work to advance the cause of her Savior. It was always a pleasure to her to do what she could for the Master and now she has gone to reap what she has so joyously sown in her life of loving service. Truly she will come rejoicing bringing in the sheaves. Earth has lost a bright spirit, but heaven is richer for her presence there.

Sad hearts, look up in your sorrow to Him who said: "Weep no more, for He will comfort you." "Weep no more, for He will comfort you." "Weep no more, for He will comfort you."

Rest in peace, dear sister. We will miss you, but we will be comforted by the thought that you are now in the arms of our Father in heaven.

CITY COUNCIL

WABASH GRANTED RIGHT TO BUILD HOBBYTRACKS

Interurban Ordinance Introduced and Considered—Refers to Highway Commission and City Attorney—Other Business Ordinances Transacted.

Permission was granted the Wabash railroad by the city council Thursday evening to build one additional track across North Main, North Sandy and North West streets on representations made by Judge Charles A. Barnes, attorney for the road, that the proposed new freight depot would be built if the council would grant the road these concessions. The Wabash ordinance, providing for the closing of North Sandy street was not discussed.

An ordinance was introduced providing for the granting of a fifty year franchise to the Alton, Jacksonville & Jerseyville Interurban railroad and J. B. Crankshaw, chief engineer of the road, was present and addressed the council. The road desires to enter the city limits of Jacksonville and run through the city on the same street to the corporate limits of North East street. The reasons for determining upon East street as a location were presented by Mr. Crankshaw and a petition was read showing that property owners owning 13,500 feet of frontage on the street were in favor of the location of the road on said street. The total frontage on the street amounts to 18,000 feet.

The matter was finally referred to the city attorney and highway commission to investigate and report back to the council.

Flavius McGee, a property owner on South East street, through his attorney, T. F. Smith, presented a petition asking the council to grant a franchise to the road along said street and setting out at length the reasons therefor. Mr. Smith was present and on invitation addressed the council briefly.

Patrons were granted Rev. Geo. Scrimmer and Frank Deeters to build sidewalks in front of their respective residences.

Ald. Moore, in behalf of the committee appointed on the question of changing the name of Edgemoor street reported against the same.

Ald. Doolin introduced the election ordinance which was passed unanimously. Other business of minor importance was transacted.

THE PROCEEDINGS

The city council met in regular session Thursday evening with Mayor John R. Davis in the chair and all members present except Ald. Goveja.

The minutes of the last regular meeting were read and approved.

A petition was read from C. E. Sanfidge asking permission to lay concrete walk on West Lafayette avenue. Same granted.

A petition was also read from Frank Deeters asking permission to lay concrete or brick sidewalk on South East street. Granted.

Property owners on South West street asked by petition to be permitted to lay sidewalk in front of their respective places of property. Same granted.

A communication was read from the Retail Merchants' association stating that it was the sense of the association that the Alton, Jacksonville & Jerseyville Interurban railroad will be a good thing for the city and requesting the members of the council to vote for giving the road a franchise. Received and placed on file.

A communication was read from Flavius McGee stating certain objections toward the granting of a franchise to the Alton, Jacksonville & Jerseyville Interurban railroad to enter the city by South East street.

Ald. Goveja took his seat during the reading of the communication. The objections in brief were: First, laying up and displacing pavement and preventing use of street; said street is too narrow for the laying of a street railroad, operation of road would menace inhabitants and the children would interfere with public use of said street; prevent egress from and access to private property of objectors. Petition concluded with prayer asking the city council to deny franchise to Alton, Jacksonville & Jerseyville road.

Ald. Moore believed objection should have proper consideration and therefore move the protest of Mr. McGee be received and placed on file.

Ald. Kennedy seconded the motion.

Ald. Goveja wanted the matter referred to same committee franchise would be referred to.

Ald. Jones suggested hearing from T. F. Smith attorney for Mr. McGee.

Mr. Smith was given the privilege of addressing the council and spoke briefly along the lines covered in the protest as read by the clerk.

Ald. Goveja amended the motion of Mr. Moore by referring the protest to same committee as the ordinance (when read) was referred to. The amendment carried and original motion carried.

Claim of Florence M. Smith for \$500 was ordered paid.

OFFER CASH PRIZES

For Best Essays on French Navy in the American Revolution—Contest Open to Pupils of High and Secondary Schools—Under Auspices Illinois Sons of Revolution.

The Illinois Society, Sons of the American Revolution has offered the pupils of the high schools and secondary schools of the state of Illinois prizes to the amount of \$100 for the best essays on the "French Navy in the American Revolution." The prizes will be paid in gold, viz: Fifty dollars for the best essay.

Thirty dollars for the second best essay.

Twenty dollars for the third best essay.

In addition to the cash prizes there will be awarded seventeen "honorable mention" certificates to the writers of essays most nearly approaching in merit those for which money prizes are given, which will be signed by the president of the society and certified by the secretary.

The award will be made according to merit by a committee composed of the following named members of the society: Mr. Daniel M. Lord, (late of Lord & Thomas, Chairman, Dr. James Nevins Hyde, Major Horatio L. Wait.

The conditions are: When practicable the essay should be typewritten, though this is not a requirement.

All essays for the competition must be in the hands of the chairman of the awarding committee, Mr. Daniel M. Lord, 5450 Cornell avenue, Chicago, Ill., on or before April 10th, 1905, the anniversary of the battle of Lexington. Awards will be announced on June 17th, 1905, the anniversary of the battle of Bunker Hill. The essays should be from 1,500 to 2,500 words.

The names of the writers must not be signed to the essays, but an indicating number followed by a letter must be used. This number letter will be assigned by the principal of the school and employed by the pupil in marking his or her essay.

This identifying number letter, together with the full name, address, age and grade of the writer of the essay, so marked must be written on a slip of paper and given to the principal of the school who will send the same to the secretary of the society, to be held by him until the award has been made by the committee.

Signs of Disease

The First Signs of Disease are a Poor Complexion, Weakness, Emaciation and Lack of Vitality.

The first sign of recurring health is increase of flesh, strength and vigor. This weakness, emaciation and lack of vitality simply means that certain substances, which go to make up the blood and nerves, have become exhausted and to renew them, muscle and strength, these substances must be restored.

Dr. Chase's Blood and Nerve Food is composed of the same kind of substances that are lacking in the impoverished blood and nerves when in poor health and abundant in the rich blood and nerves when in perfect health.

People would take this food occasionally when in health to keep their blood and nerves in good condition, many spells of sickness and wasting disease would be prevented. It makes sick people put on flesh and muscle on their bones, gives strength to weak people, restores the lost vitality to nervous people, imparts the "hint of health" to pale and sallow people. It adds years to life and puts life into years. Price 50 cents. Book free.

NOTICE.

To the Citizens of Jacksonville, particularly those of the 4th ward: My term as alderman is almost ended. On Friday evening at 7:30 in the circuit court room I wish to make my report to you—my principal. I also wish to review somewhat the last two years of our municipal government and make some suggestions touching the future. I shall answer those who have asked me to stand for a re-election. In everything I shall strive to offer something worthy of the thought of decent people.
D. O. Vaught.

WINSOME WINNIE—

SEATS ON SALE TO DAY.

Fresh from long and successful runs at the Casino, New York; the Garrick in Chicago, and the Garrick in St. Louis, "Winsome Winnie" comes to the Grand on next Monday. This latest musical play of "Erminie" is employed to exploit the well remembered charms of Paula Edwards identified with all the brilliant musical productions of the late Augustine Daly. Miss Edwards, though the youngest and newest star, has already proved her right to the position, and has scored the biggest personal triumph recorded for present season. Miss Edwards has been surrounded by a cast of 50 singers and comedians, and her managers, the Messrs. Shubert, have spared nothing to make the settings and costumes unique and effective. The advanced sale of seats will open this morning.

I give my personal guarantee that this is the original Shubert's company with Miss Paula Edwards.

DEATH FROM ELECTRICITY.

While death is produced almost instantly by the passage through the human body of alternating currents of high voltage, such as are encountered in ordinary practice, yet in the currents of enormous voltages produced by Mr. Tesla it is possible for them to pass through the body without the slightest injury. It has, of course, been known that the Tesla currents are of extremely high frequency as compared with the ordinary current as well as of high voltage, but it was thought that they passed over the surface of the body rather than through it and thus did no damage. Lately Professor Nernst has shown the Bunsen society of Berlin that this effect is due to the high frequency of the current, which actually does pass through the body, but so rapid are its alternations that it does not have time to effect any change in the tissue before there is a reversal of the electrical stress. This he has shown conclusively in a series of experiments, where he passed a high frequency current through his hand and then through the legs of frogs.—Harpur's Weekly.

Rewards of Insurance Agents.

As might be expected from the magnitude of the business—nearly \$2,000,000,000 a year—the men who are able to carry conviction to the hearts of multimillionaires reap a proportionate reward. Some of the general agents who control exclusively a specified territory, pay all their expenses and turn over the business secured to one of the great companies on a commission basis clean up \$200,000 a year. The best "field men," the actual solicitors, may make \$50,000 a year each, and there are thousands of agents whose annual commissions range between \$5,000 and \$10,000. It should be noted that the tendency now is to abolish these general agencies and to concentrate the responsibility more at the home office. And the majority of insurance experts believe that the 5 per cent or 10 per cent of each policy holder's total payments which the agent now receives is too high.—World's Work.

George III. and Our George.

In his reminiscences of diplomatic life, Andrew White tells a pleasant anecdote of Empress Frederick, the German emperor's mother. The American ambassador had mentioned a certain pathetic picture of George III. to the king's granddaughter, and in talking of the long ended bitter feeling between the United States and Great Britain he said, "It is a reminiscence of mine, now hard to realize, that I was brought up to abhor the memory of George III." At this the empress smiled and answered, "That was very unjust, for I was brought up to abhor the memory of Washington."

The Newer Japan.

Pierre Loti thinks, as do many of us when we revisit the scene of our early loves, that Japan has deteriorated. War, even in 1900, he saw to be inevitable, but this saddens him less than the substitution of American bars for the picturesque tea houses and the general spread of drunkenness among the lower orders. Formerly, he says, if you saw a drunkard man in Nagasaki he was sure to be an European, but now the sailors as well as the civilians of Nippon are often to be found boozing and quarreling in cabarets.—Pall Mall Gazette.

The Chemist's Discovery.

The chemist of the South Dakota food commission extracted enough coal tar dye from a bottle of port wine taken from an original package in the presence of members of the legislature to dye a brilliant wine color nine square feet of heavy woolen cloth. From a bottle of tomato catsup he took enough dye to color a like amount of woolen cloth. A single bottle of pop produced coloring matter of still greater power.—Minneapolis Journal.

Beware of Heavy Coffee.

A German review contains an article by Bortolli on a new adulteration of coffee. The roasted beans are plunged in a 5 per cent solution of borax and then left to dry. The borax makes them shine and absorbs water, thus adding to the weight of the coffee. The way to discover this ingenious fraud is to dry the coffee, and if it loses over 4 per cent of its weight there has been a fraudulent absorption of water.—London Globe.

Cures For Bad Temper.

Sir Lauder Brunton is inclined to believe that ill temper is often the result of disordered nerves and can be controlled and modified in a great measure by drugs. In some gouty people twenty grains of bicarbonate of potash, with ten or twenty of bromide of potassium, taken when the feeling of irritability comes on, frequently soothes it, and it has the further effect of lessening the worry even in those who are not irritable.

ST. PATRICK'S DAY.

St. Patrick, the first missionary of the fifth century and known as the Apostle of Ireland, will be honored today throughout the Catholic world by exercises of a varied character. St. Patrick is called the Apostle of Ireland because it was by his indefatigable labor of sixty years' mission work that the ancient Irish were converted from paganism to Christianity, and therefore he is pre-eminently the patron saint of Ireland. The usual date assigned to St. Patrick's landing in Ireland in the character of a missionary, is 432 A. D. He found Ireland a pagan nation; he left it a Catholic nation, and a Catholic people the Irish remain to this day. According to the accounts of his Irish biographers, he founded 306 churches and baptized with his own hand 12,000 persons. He is said, also, to have ordained a vast number of priests and to have blessed very many monks and nuns. After he had been about twenty years engaged in his missionary enterprise he is said to have fixed his age at Armagh about the year 461, and having procured two of his disciples to be ordained bishops, he held probably more than one synod, the decrees of which have been the subject of much controversy. He died at a place called Saul, near Downpatrick; and his relics were preserved at Downpatrick down to the period of the reformation. The place is still venerated by the people. March 17th is observed as the anniversary of the death of St. Patrick.

FORCES ENGAGED.

Ok's Headquarters, Saturday, March 11, via Yinkow, March 16.—From information received from Russian prisoners and residents of Mukden it is estimated that Kurapatkin's forces at the beginning of the battle of Mukden consisted of over 300,000 men. His loss in killed and wounded before March 10th is estimated at 70,000. Reports as to the number of prisoners captured are incomplete. Over 2,000 were captured in Mukden, including the wounded. Monday, March 13, 6 p. m. via Pusan, March 16.—In the recent fighting around Mukden, Ok's army lost between 15,000 and 20,000 men and it is estimated it has inflicted upon the Russians a loss including prisoners, of 50,000.

REPORT DENIED.

Washington, March 16.—Kogorov Takahira, Japanese minister, replying to a published statement asserting the Japanese are planning to insist on possession of the Philippines as soon as convenient after conclusion of the war with Russia, declared to day that such was not the case.

The Baby's Bath.

Cleanliness is one of the most important factors in a child's well being. A baby's bath is an interesting part of the young mother's many duties, and all mothers agree in thinking that they should be bathed every day. A child that is bathed every day is less likely to take a contagious disease than one who is bathed less frequently. The best time for the bath is midway between the meals—never when he is hungry or immediately after a meal—and may be in the forenoon or afternoon, to suit the convenience of the mother.

AT THE GRAND.

The Murray Comedy company opened a three nights' engagement at the Grand last evening with a large house. The bill was "Just Plain Folks," a southern drama, which is familiar to Jacksonville theatre goers under different names, and which was given a good interpretation.

The company is in many respects a strong one and gave a very satisfactory exhibition of histrionic art. The cast was at all times adequate to the demands of the production and was especially strong in the parts calling for the display of deep emotions. The comedy element appeared with pleasing frequency and was well sustained.

The specialties between the acts were very popular with the audience, the team work of Allen and Bright is a song and dance act being enthusiastically recalled. Joe Leo in a dance act also made a big hit.

The bill for to night is "Down On the Farm." An entire change of specialties for each performance is promised.

NEW SHOE FIRM.

E. S. VanAngen & Co., who have been in the retail shoe business in this city for a number of years, Thursday sold their stock and business to Messrs. Charles Mathis, Wm. Shibe and Henry Kamm. The inventory of the stock will begin Monday.

The members of the new firm are all thoroughgoing shoe men, and are in addition men of perfect character and reputation. Their venture should be a grand success from the start.

Mr. VanAngen will remain in the city for the present at least. His plans for the future have not been definitely determined. During his residence here he has proved himself a progressive and up-to-date business man and has ever stood for those things that advanced the best interests of the city. It is hoped he may continue his residence here.

CENTENARY REVIVAL.

The afternoon meetings continue to grow in interest. The function of the Holy Ghost in revealing the real Christ to the inner consciousness was the subject Thursday.

The short service at the park at seven o'clock was attended by many more than at first. If the weather permits there will be service at the park to night at the same hour. Hear the singer, Rev. Mr. Rigg.

At the evening service there was another signal victory, one happy conversion of the type of former years when people knew when penitents found Christ there was no mistaking the earnestness or the fact of forgiveness.

Rev. Robert Stephens preached the sermon, which was a powerful plea for immediate repentance, from the text: "It is time to seek the Lord." The singing was spirited and joyous. Services to night at 7:30.

Pearse-Millinery company will open Tuesday, March 21 with an up-to-date stock of millinery.

FUNERAL NOTICE.

The funeral of Josiah Russell, who died at Central hospital, will be held at the Anderson undertaking establishment to day at 10:30 a. m., in charge of the G. A. R. Interment will be in the soldiers' plot in Jacksonville cemetery.

CITY COUNCIL

(Continued from Page Two.)

Ald. Moore moved the city's part to the Merrill place addition, \$215.48, be paid.

Ald. Babb and Ald. Kennedy objected.

On motion to pay the bill the same carried.

Ald. Ticknor, chairman of the highway committee, recommended the granting of the right to the Wabash railroad to lay an additional track across North West street.

Ald. Babb moved the recommendation be approved.

Ald. Kennedy seconded.

Ald. Vaughn objected. The alderman wanted to know where the new track would begin and where they would end.

In response to the question Ald. Ticknor stated there were other recommendations, along the same line and Ald. Vaughn gave way until the second recommendation giving the Wabash road the right to lay an additional track across North Main street.

Ald. Vaughn thought the matter a serious one and hoped action would not be taken at the meeting to night.

Ald. Ticknor stated the additional track was to be laid inside the limits covered by the present trackage right of way.

Ald. Cobb thought the granting of the additional track would increase the facilities and lessen the chance of blockading the crossing.

Ald. Hildreth favored the recommendation of the highway committee.

Ald. Goveia moved as an amendment the adoption of the report of the committee and have the matter laid over until the next meeting. This was declared to be the order.

The highway committee reported in favor of grading Routt street.

Ald. Hildreth favored the report. Ald. Kennedy opposed.

On motion the report carried.

In the matter of the car barns on Illinois avenue the committee reported that the work had been done.

In the matter of a plank walk on South Fayette street the committee reported against the plank walk and recommended brick walk instead. So ordered.

In the matter of property of Mrs. Devine on East Independence avenue the highway committee asked further time.

Ald. Babb of the fire committee asked for time in the matter of the fire strikers.

Ald. Moore asked the light committee regarding light on South West street. Light committee ordered to investigate and report.

Ald. Kennedy asked to have change of location of light on Hardin avenue investigated by the light committee.

Ald. Ticknor asked to have park committee investigate mole nuisance at Duncan park.

Ald. Vaughn asked if the special committee on revision of city ordinances was ready to report.

The mayor reported in the negative.

Ald. Moore reported in the matter of changing the name of Edgmon street and recommended that the name be unchanged.

The north side Grove street concrete ordinance was read for the second time and Ald. Vaughn, seconded by Ald. Kennedy, moved adoption of the ordinance. The alderman stated there was no intention of forcing the ordinance upon the people at once, but to insure the laying of concrete walk when new walks were laid.

On roll call the ordinance carried unanimously.

The south side Grove street concrete sidewalk ordinance was next read for the second time. Ald. Vaughn, seconded by Ald. Kennedy, moved adoption of the ordinance and same carried unanimously.

Ald. Doolin introduced an ordinance providing for the election of city officials on the third Tuesday in

April (April 18).

The ordinance provides for the election of the following city officials:

Mayor.
City clerk.
City treasurer.
City attorney.

Three aldermen for each of the four wards.

One member of the board of education in the first and second wards.

The ordinance carried the emergency clause and the same was adopted on motion of Ald. Johnson.

Ald. Hildreth, seconded by Ald. Goveia, moved the adoption of the ordinance, and the same carried.

The clerk read an ordinance for the construction of a brick sidewalk on the south side of Franklin street. The ordinance carried the emergency clause.

Ald. Hildreth, seconded by Ald. Kennedy, moved the adoption of the emergency clause.

Ald. Cobb moved the adoption of the ordinance. Same adopted.

Ald. Doolin introduced an ordinance granting a franchise to the Alton, Jacksonville & Jerseyville Interurban railroad.

The ordinance asked for the right of operating and maintaining of an electric interurban line along South East street and North East street, inside the corporation limits, and the right to carry passengers, freight and mail and express on said line. Other provisions usually asked for in such cases are incorporated in the ordinance and the grant of the franchise is asked to cover a period of fifty years.

The maximum rate of fare inside the corporate limits and including Nichols park will be 5 cents. Work to begin on construction of the road within eighteen months after passage of the ordinance and completed within three years. The ordinance carried the emergency clause.

Ald. Hildreth favored an interurban and the question of importance was the street upon which it was to run.

Ald. Hildreth, seconded by Ald. Babb, moved the ordinance be referred to the city attorney and highway committee to report back to the council.

A communication was read from property owners on South East street asking the council to pass the ordinance granting a franchise to the Alton, Jacksonville & Jerseyville railroad. The total frontage represented by the petition covered 13,500 feet, 9,000 feet being half of the property frontage of the street.

The mayor extended an invitation to Mr. J. B. Crankshaw, the chief engineer of the railroad, to address the council and he spoke briefly. He stated he had considered carefully the location of the road. East street had been selected because it is the only street in the city that runs entirely through the city. Mr. Crankshaw showed the inadvisability of locating on other streets, owing to the necessity of curves and the impossibility of putting in the proper curves without encroaching upon private property.

Ald. Goveia moved the ordinance be referred to the city attorney and highway committee to investigate and report. Motion carried.

Ald. Babb asked to have the Fulton street crossing of the Wabash railroad graded and arrangement made for a sidewalk.

Ald. Doolin moved the matter be referred to the highway committee. So ordered.

Ald. Hildreth brought up the matter of the C. P. & St. L. blocking the crossing at East State street.

A rebate of \$137 to M. E. Kumle, who had discontinued the saloon business was granted.

Judge Charles A. Barnes, representing the Wabash railroad, spoke of the improvements the road desired to make and the ordinances covering the same.

He asked the council to accede to the request regarding the additional trackage, even though the ordinance providing for the closing of North Sandy street be denied.

Ald. Johnson moved the reading of the ordinance providing for the track across North Main and North Sandy streets.

Ald. Vaughn raised a point of order on the same, but was not sustained.

The ordinance was read.

Ald. Doolin spoke in favor of passing the ordinance. Ald. Johnson seconded.

Ald. Vaughn objected on the grounds the ordinance was not specific as to where the track should be laid. The alderman could see no reason why the city should give the Wabash something that a private individual would have to pay for.

Ald. Moore stated the new track would have to be laid inside the present right of way and he could see no reason for not passing the ordinance.

A general discussion followed.

On suggestion of Ald. Goveia the plat of the Wabash road, as filed with the ordinance, was made a part of the ordinance.

Ald. Moore wanted to know whether the Wabash road would pave the road south of the proposed new freight depot.

The mayor favored the ordinance because the Wabash road promised to give the city a marked improvement in the way of a \$10,000 freight depot.

On roll call on the passage of the ordinance the same carried. Ald. Vaughn voting no.

The ordinance granting an additional track across North West street was read for the second time. The ordinance carried the emergency clause.

Ald. Doolin moved adoption of the ordinance.

On roll call on adoption the same carried. Ald. Vaughn voting no.

Council adjourned.

EVENING COMPANY.

Miss Louise Moore entertained the members of the Thursday club at her home on South Prairie street Thursday evening. Progressive games contributed largely to the evening's entertainment and appropriate prizes were awarded the winners. A very delightful luncheon at the close of the program added much in making the occasion a most pleasant one.

The Good Effect of Good Clothes.

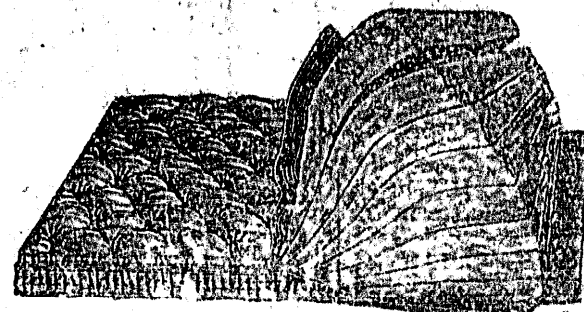

The story is told of a certain society lady that whenever she felt depressed or gloomy, she would array herself in her most expensive finery, and presto! gloom took wing and the sunshine of good cheer entered in its place. This woman knew that the members of her sex are always in a happy frame of mind when they are exceedingly well groomed, and reasoning backward, she drew up this law: "If you have the Blues, dress up." The thought may seem far-fetched to some at first glance, but look at it from another point of view and it will not appear so. Haven't you, dear reader, bought a garment that seemed to fit your desires as well as your figure, only to discover in a few days that your judgment had misled you? That the garment had lost all its glamor and didn't fit so well as you thought? And what was the effect on you? Surely a depression of spirits, a loss of cheer—a case of the blues. That is the natural effect—if one is human. On the other hand, you may have bought a garment of beauty that proved to be a joy even unto the day when it was replaced by a newer style. The effect of such a garment was to gladden your heart with a happiness that came fresh every day. It is reasonable to suppose that the maker of a garment that so fully met your desires is THE ONE to do so again, and so you look for a certain label or brand or mark that identifies the product. It is by this process that the WORTH SKIRT became a name to conjure with. The WORTH SKIRT has always reflected an admirable blending of fit and beauty—an irrefragable mastery of style.

Its lines are so firm and sure as to spell dignity and it fits the figure so faultlessly as to become a gracious harmony of all beholders. The satisfaction of a gracefully rounded figure and the distinguished bearing produced by a WORTH SKIRT is revealed by the wearer in the sparkle of the eye and the buoyancy of the step—so easily are we influenced. The COMFORT derived by the wearer of a WORTH SKIRT makes it doubly delightful and the REASONABLE PRICE deserves more than perfunctory notice.

The drawing on this page is an actual reproduction of one of the popular Worth Skirts for spring. We are exclusive selling agents.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. For sale by J. A. Obermeyer, City Drug Store.

A LITTLE NONSENSE.

Comical Sayings From the Mouths of Youngsters.

First Small Boy—My sister got her picture in the paper for being cured.

Second Small Boy—Huh! That ain't nothin'. My goat got his picture in colors on a brew'ty poster.

Grocer (to small customer)—Johnny, would you like to have an apple?

Johnny—No, sir. I'm afraid to eat 'em.

Gröcer—Why?

Johnny—"Cause my grandfather died of apple-py.

"Tommy," said the teacher to a small pupil whose hands were not as clean as they should have been, "what is that on your hands?"

"Huh!" exclaimed Tommy contemptuously. "You ain't much of a schoolteacher if you don't know dirt when you see it."

Little Johnny—Papa says that honesty is the best policy.

Mamma—Well, what of it, dear?

Little Johnny—Papa's a politician, isn't he?

Mamma—Yes.

Little Johnny—Then how does he know?—Chicago News.

A Welcome Change.

She—And are you really so much better since you returned from your trip abroad?

He—Yes, indeed. I'm quite another man, I assure you.

She—Well, I'm sure all your friends will be delighted to hear it.

In For Keeps.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg, of Denver, Colorado, writes to the Editor of the Journal, sending thanks to Mrs. Pinkham.

The following letter was written by Mrs. Kellogg, of 1623 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, of Lynn, Mass.: "For five years I was troubled with a tumor, which kept me from doing any work, and I was in great agony and mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days in bed, and my appetite, my courage and all hope were gone. I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and I had no better success than the second wife of the great Napoleon. I finally decided to try the Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second wife of the great Napoleon, I felt that it was only a temporary relief, but to my great surprise I found that I kept gaining, while the tumor lessened in size. The Compound continued to build up my general health, and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter, so that other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

"When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles."

"No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine."

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

"Health is too valuable to risk in experiments with unknown and untried medicines, or methods of treatment. Remember this: Lydia E. Pinkham's Vegetable Compound is a curing woman, and don't allow any druggist to sell you anything else in its place."

NOT A PATENT MEDICINE

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid which when used in the Hyomei pocket inhaler, kills the air you breathe with germ-killing, disease destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs.

"How foolish it is to try and cure catarrh by swallowing tablets or liquids. The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei."

This treatment has been so successful, curing 99 per cent of all who have used it, that Hyomei is now sold by Hatch under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

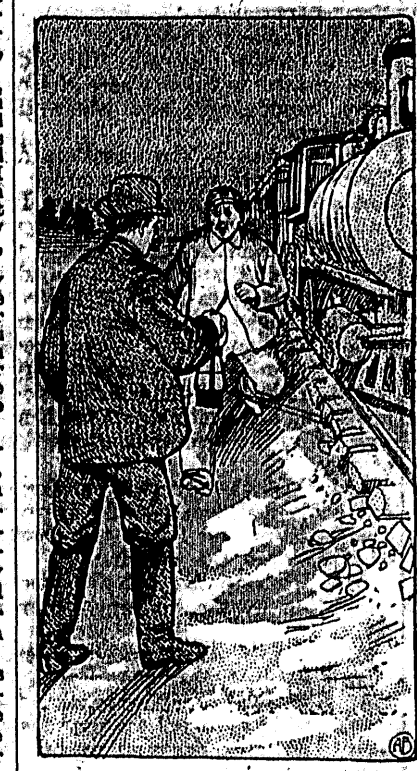

The complete Hyomei outfit costs \$1 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50 cents.

CONDENSED STORIES.

Why Track Walker Doolin Flagged the Belated Express.

P. Doolin was a track walker on the Erie railroad. He attended a wake one day shortly before it was time for him to go on duty, with the lamentable result that early in the evening he seemed ambitious to walk on both sides of the track at once.

The Thunderbolt express was due to pass the Haskell road at 8:45. At that time Doolin reached the road, but the train did not appear. She was still invisible at 9, and Doolin

"YERE LATE" SAID DOOLIN.

lin began to worry about her in a maudlin way. When she was twenty minutes late, he could control his anxiety no longer and began walking the track toward her as fast as he could in his unsteady condition.

The Thunderbolt meantime was flying along at unusual speed. She had been delayed by a trifling wreck, and the engineer was making up lost time. Suddenly a lantern whirled like a giant pin wheel in the gloom far down the track. The engineer's face whitened. The brakes ground into the complaining wheels; the engine rocked and trembled; passengers lurched in their seats, and, with hiss of air and steam, the Thunderbolt stopped.

Dropping from his cab, the trembling engineer ran up to where P. Doolin stood.

"What—what's the matter?" he gasped.

"Yere late!" said Doolin. "T'what kept yee?"—Earle Hooker Eaton in Harper's.

A Generous Bridegroom.

People are said to differ perhaps on no question more than as to the proper tip for a wedding fee. There are many stories told in this connection, but the following is certainly unique, besides having the virtue of being quite true. Dr. Madison E. Peters was the victim. He chanced to be stopping in a small town one summer when a couple from the neighborhood asked for his services. It was a very isolated place, and the couple were unsophisticated. The ceremony over, the bridegroom approached the clergyman confidentially, with extended hand. It contained three half dollars.

"Now, just help yourself, parson," said he. "Don't be modest, but take all you want."

The doctor's good taste prompted him, of course, to take but one of the coins.—Denver Republican.

Spoke In English.

Congressman J. Adam Bede of Minnesota looks like a Scandinavian, but is not. Nor can he talk in their native tongue to citizens hailing from "the land of the midnight sun." Therefore he was rather embarrassed while campaigning last fall on finding himself face to face with an audience composed almost entirely of Swedes. "Trying to find a way out of the difficulty, he asked how many of his hearers were born in this country. Only two hands went up. Mr. Bede felt dizzy, but braced up and asked: "How many of you can speak English?" All hands went up, whereupon he said, with dignity, "Of course, I speak the Swedish tongue, but for tonight I shall use English, having prepared my address in that language."

Boy Was Maligned.

The principal of the school was talking with him about his boy. "By the way, Mr. Wipedunks," he said, "I have made a discovery about Jerry. He's an underdog." "I don't see how that can be," replied Mr. Wipedunks, with rising indignation. "He ain't never been exposed to it. Besides, he was vaccinated last year, we bathe him reg'lar every week, and his mother always makes him wear a little bag of assafidity tied around his neck. Some of the other boys has been lyin' on him."—Chicago Tribune.

Limbs Badly Swollen.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir—About 4 years ago I began to suffer with severe pains in my back making it impossible for me to do my work.

My limbs were swollen badly and I was troubled with an affection of the heart also, all coming as I suppose from kidney trouble.

I had tried several kidney remedies with little result, not satisfactory.

I asked Mr. Dorrance, the druggist who handles your goods here and he recommended your Kidney and Backache Cure saying he had sold it for several years very successfully.

I took 4 bottles and the swelling has all gone from my limbs and my heart trouble completely cured.

I have recommended this Remedy to a large number of my acquaintances, with the same result.

I will gladly answer any letter from any one.

D. D. D. SPECIAL OFFER REGARDING diseases of the skin

We have lately secured the agency for this city and vicinity of a preparation which is reliable and certain in clearing away troubles of the skin. Many forms of skin affections which have been considered incurable are conquered by this medicament as easily as a cough is stopped by the proper soothing and healing influences. This preparation is now in use among skin specialists, and many large hospitals have adopted it for eczema and kindred cases. It stands among the most useful medical agents now known.

We have evidence of its work to show which will interest any sufferer. Call and investigate same. Since we have been handling the remedy—known as D. D. D.—its work proves so effective we guarantee its efficacy. In all cases of skin affection we will refund the price of a bottle (\$1) if the sufferer does not consider it literally a Godsend after trying. It is curing the worst kind of cases every day. It seems a pity any one should suffer the torture of skin troubles when so dependable a curative agent can be had so cheaply.

WRAPPED TO HIS DEATH.
Decatur, March 16.—Vernie Nagre, an Italian miner employed in the coal mine at Assumption, employed an unusual method to commit suicide to day. Nagre leaped over the mouth of the shaft and was precipitated 500 feet to the bottom. His body struck the cage and was horribly mangled. Domestic trouble is said to have been responsible for the man's act.

Removing Mildew.
Mildew may sometimes be removed from white fabrics by covering the spots with lemon juice and laying in the sun. Lemon juice will not serve for colored fabrics, however, and lard makes a substitute. Rub the spots well with lard and lay in the sunshine day after day for a week. Wash in the usual manner.

In the Sickroom.
To replenish a coal fire in a sickroom or in any place where it is desired to avoid the noisy rattling of the coal place in a newspaper or paper bag and lay the budget carefully on the fire. The magazine of a coal stove can be filled in this manner with little or no noise.

MATRIMONIAL

COX-BELL.

Charles H. Cox and Miss Jessie Bell were united in marriage at the home of the bride's parents, on S. Clay avenue, Thursday evening at 7 o'clock. Rev. R. F. Thrapp performed the ceremony in the presence of a few friends and relatives, after which a sumptuous wedding supper was served.

The bride is a daughter of Mr. and Mrs. John Bell and is a charming young lady who has many friends. She has been in the employ of the Alexander Mercantile company for some time. The groom is a well known farmer of this county. Mr. and Mrs. Cox will reside in this city for the present.

VEHICLE TAX.

Springfield News: Representative Heintz of this district introduced into the house Thursday a bill that is desired by the city of Springfield. It provides for the taxation of all forms of vehicles and the funds so raised shall go into a pavement repairing fund to be used for no other purposes. Alderman Logan Hay advocates the idea and has sought to secure some such ordinance in this city, but there have been certain legal obstacles which the Heintz bill removes. At present there is no pavement repair fund, except as it is set aside from the city taxes. It is held that the users of the streets should pay the greater part of repairing them. If a similar tax were imposed for every opening of the street for pipes and plumbing there would be fewer of them and more care taken in replacing the pavements.

DAUGHTERS OF REBECCA.

The Daughters of Rebecca held their regular meeting at the home of Harry Phillips on Routh street Thursday evening and an excellent program was enjoyed. Refreshments were served.

GOOD CIGAR FOR 5c

Armstrong & Armstrong Selling Havanas at This Price.

Now that Wadsworth Bros. Chicos cigars are for sale by Armstrong & Armstrong you can get an all long Havana filler cigar for a nickel, a smoke that is better than the average ten cent, and as good as any cigar in their case. Armstrong & Armstrong want every smoker in this section to try a Chico. He said the other night: "If you don't like the Chico, it is on us and we will not charge you a cent for it. The cigar is taking the place of ten cent cigars amongst our most critical trade, and we want every lover of a good smoke to come in and try a Wadsworth Bros. Chico."

If you know and enjoy a good cigar, you'll like the Chico. It is made for smokers like you and you ought to get acquainted at once.

The fact is that nearly all business transacted in the United States, excepting small retail trade, has become interstate commerce in character. When a manufacturer sends out his circulars and letters soliciting trade to other states he is engaged in interstate trade. Interstate commerce is not merely transportation; it is business that covers more states than one.

POLICE NEWS.

Yesterday morning Policeman Trahey arrested Isaac Groce on a charge of stopping coal from Burlington cars. Groce was arranged in Squire Henderson's court and pleading guilty was sent to jail in default of bonds.

Leo McCarty was arrested by Captain Kennedy for drunkenness. Isaac Groce was arrested by Policeman Trahey for larceny.

Here's something worth knowing. According to a decision recently made by a Chicago justice, if you hang your own coat or hat in a restaurant and it is taken you cannot recover its value from the restaurant people. But if you allow the waiter or attendant to hang it up you are safe whatever happens. This is Chicago law, so the next time you lunch in a Chicago restaurant be governed accordingly.

HISTORICAL SOCIETY

March Meeting Will Be Held at the Public Library This Evening—Paper by Mr. Ensley Moore—Consideration of Committees.

The regular meeting of the Morgan County Historical society will be held in the public library building this evening at 8 o'clock. The three papers presented at the last regular meeting, the "Origin of the Congregational Church in Morgan County," by Rev. J. B. Fairbank; "Origin of the Public School System in Morgan County," by Judge E. P. Kirby, and the "First White Settlers of Morgan County," by Dr. W. F. Short, will be the topics for discussion, and additional information along these lines will be welcomed.

The paper of the evening will be presented by Mr. Ensley Moore, who will tell of "The History of Presbyterianism in Illinois and Morgan County." Mr. Moore is conversant with historical subjects of this state and especially of this county, and has carried on a considerable amount of research along lines in which he is naturally interested. His paper is sure to be a valuable and interesting one.

The business of the meeting will consist of the consideration of the appointment of committees, which subject will come up for discussion and action.

The executive committee of the society has purchased a number of volumes of old books of historical value and all persons having such books in their possession are urged to add them to the collection for which a start has been made. All such books will be carefully preserved for future generations, after having served their purpose for the present.

Miss Fayette Baldwin and grandmother, Mrs. William Sargent returned from a pleasant visit in Winchester with relatives.

ILLINOIS IN MARCH.

Just note the pleasant weather we are enjoying here in Illinois in March and then turn over to the next page and see how the clerk is handing it to the sunners out in California. Men are scratching around in the gardens here and boys are playing marbles on every corner of the town. The railroad men bring in reports of farmers who are in the fields behind plows, and the early robin and the bluejay are reported in the land.

And see what they are having in California. At Los Angeles the wind is blowing 100 miles an hour and the emergency brakes are in bad order. Along with the wind is rain, and at 100 miles an hour it goes where it is not wanted.

Let us have some railroad rates from California to Illinois and return, just to give the people of that state a chance to break into a pleasant spring climate. Of course, it is understood that we may not insist on this next week.—Decatur Review.

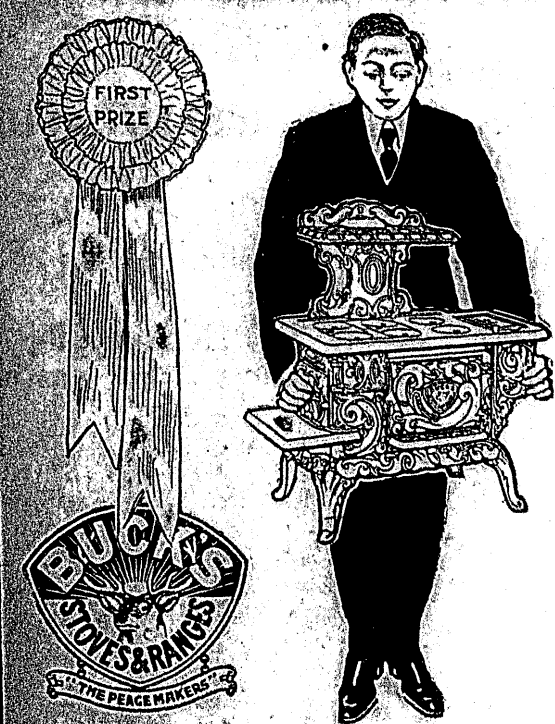

Prof. Jacques Loeb, who is said to have produced by artificial means the sexual fertilization of the eggs of sea urchins, has long been known as a leader in the application of new chemistry to the science of life. At the close of the year 1902 he went to the University of California from the University of Chicago, where for ten years he had performed wonderful research work. Professor Loeb is an M. D. from the University of Strasbourg, but studied in other foreign schools. As a physiologist he takes high rank. He was born in Germany April 7, 1850.

PERSONAL PROPERTY SALE.

The sale of the personal property of Dick Smith was held Thursday. The attendance was good and everything sold well. Charles Taylor was the auctioneer and Fred Engelbach was the clerk. They also had the Kenney sale near Arenzville Wednesday.

RED MEN DANCE.

The local Red men and their friends enjoyed a social dance in their hall Thursday night. The function proved a very enjoyable one for all concerned.

Andre & Andre

Here are the Winners

The first prize, the dandy Buck's Junior Range, was won by Genevieve Sehy. The second prize, the hand painted cup and saucer, was won by Beulah Smith. The third prize, the pretty picture, was won by Ila Weatherford.

HERE ARE THE "TEN REASONS WHY" THAT WON FIRST PRIZE

- 1st. Because Buck's Ranges are made with the best material that can be procured, as all the covers and top of stove are made of the best grey iron, which is the strongest and most durable for stoves and ranges, and the tops are made in sections, which allows for expansion and contraction.
- 2d. Because Buck's Ranges are made by the most skilled and experienced workmen.
- 3d. Because Buck's Ranges are full and heavy nickel plated, which makes them very beautiful and attractive in appearance.
- 4th. Because Buck's Ranges have white enameled oven doors and racks, which makes them very easy to keep neat and clean and which also retards and reflects the heat.
- 5th. Because Buck's Ranges are lined throughout with heavy sheets of asbestos, which retains the heat inside the range, which makes it bake quick and even and which would otherwise be lost by radiation.
- 6th. Because Buck's Ranges have genuine duplex grates by which she can burn hard coal, soft coal or wood and also has a hot blast fire box which admits air through the sides and bottom grate and linings which makes the most perfect combustion for coal and also keeps the lining from burning out and saves one-third of the fuel.
- 7th. Because Buck's Ranges have extra large enameled reservoir with flush top, which gives one-third more room on top of range.
- 8th. Because Buck's Ranges have extra large steel ash pan, with a ball which will hold all the ashes made in 24 hours use; the damper rod is so protected that it will not ward or burn out; the feed pouch is the very largest and cleanest and most convenient made.
- 9th. Because Buck's Ranges have a nice large warming closet, with roll top, which gives full opening when open and also tea shelves on back for holding tea pot and plates.
- 10th. Because Buck's Ranges are sold under a positive guarantee by the Buck's stove and Range company to be perfect in every way and give the very best satisfaction if the Range is set to a chimney which is not defective.

THESE "TEN REASONS WHY" WON SECOND PRIZE

- 1st. Every user of a "Buck's" range enthusiastically recommends it to all their friends. If they were not everything that they were claimed to be they would have been found out.
- 2d. It is really a "thing of beauty" therefore must be a "joy forever" as it is made of the most durable material.
- 3d. The arrangement of the oven is far superior to that of any other range, as it not only keeps the heat in, but also reflects it, thus doubling its value. The white enamel lining gives its cleanliness and purity.
- 4th. The oven is so ventilated as to make it bake more evenly. It is so enameled as to make it sanitary, clean and satisfactory, also a money saving oven.
- 5th. It is so braced as to prevent deflection and give strength to the key plates. It also has an arch which is used where great strength is needed.
- 6th. It has a lining of asbestos, which holds the heat in the oven, thus preventing it from being lost in radiating into the room. The same lining is used for burning both wood and coal.
- 7th. The firebox has a hot blast lining, which holds the heat, and in that way saving 33 1/3 per cent less fuel than any other range made.
- 8th. The chimney draft is so arranged as to prevent the gas from being forced up the flue before it is consumed and in that way saving fuel.
- 9th. The reservoir is extra large and strong, it is white enamel and has much greater capacity than others. The top also is flush with the range top, giving a greater space for setting vessels and etc.
- 10th. "Buck's" has an extra large ash pan which has only to be emptied once a day; ash guards are so placed over the pan that all ashes are forced into pan, instead of the bottom of range.

THESE "TEN REASONS WHY" WON THIRD PRIZE

- 1st. The "Buck's" Range is a handsome piece of kitchen furniture and so much better than all other ranges.
- 2d. If you want to see a stove with fame, go to Andre & Andre's and see a "Buck's" Range.
- 3d. It will please you so that you cannot get it. All top covers and grate plates are made in sections to allow for expansion and contraction.
- 4th. Buck's Ranges are money savers. For the reason they burn less fuel than any other range. As all the grates are covered by the use of ventilation lines and heavy sheets of asbestos the heat is retained and radiates the heat into the oven instead of the room.
- 5th. The large white enameled ovens are so nice and easy to keep clean, that they are really a joy to have. They will always be in the kitchen or loss of flavor, which means a really satisfactory home for the "Buck's" Range.
- 6th. The warming closet on the "Buck's" Ranges are worth so much. It keeps the dishes and cups warm, clean, dry and ready to use. It keeps the dishes warm for persons delayed at dining hours, tea shelves being attached to keep tea or coffee hot. What a pleasure for a delayed one to come in and find their dishes warm by keeping them in the large closet that are placed so safely on the "Buck's" Ranges.
- 7th. Any one who wants hot water at any hour should have "Buck's" Ranges. The large enameled reservoir with water heater either straight or L-shaped and can be connected to a pressure boiler. The water heating capacity should please any housewife, and they are also provided with large enameled reservoir for hot water where the boiler attachment cannot be made.
- 8th. The "Buck's" Ranges are so nicely finished with ashman, that they save great annoyance to the one who makes the "Buck's" Range. The reason they are here and hold all burned over hours instead of being to be emptied twice a day. And the ashes are forced in, dumped by a steel guard instead of the ash pit or on the floor when the door is opened.
- 9th. The grates in the "Buck's" Ranges are genuine, burn either soft or hard coal or wood if desired by reversing the bottom grate. All with so much ease and no wasted time for changing linings and grates.
- 10th. The damper handles are so protected that the rod is not heated and will not warp and get out of order. In fact the "Buck's" Ranges are so constructed with their asbestos and white enameled linings and their beautiful decoration of nickel plating and so easy kept cleaned and polished that it should give our mamma's and all other ladies much pleasure to look on such a stove as the famous "Buck's" Ranges.
- 11th. Last of all, is the recommendation that the "Buck's" Ranges received from all users and the guarantee and warranty that the company gives who has put the best and most reasonable priced stoves and ranges before the public for fifty-eight years should convince any mamma, lady or gentleman that "Buck's" Range is the one to purchase in preference to all others.
